

# SCIENCE SUMMIT

NEW YORK CITY | 2025

Science within  
*Planetary Boundaries*

September 9–26, 2025

#Sciencesummit2025

[www.sciencesummitnyc.org](http://www.sciencesummitnyc.org)

## Theme concept

Science and Innovation to address the interconnected global challenges of today - climate change, health crises, biodiversity loss, and resource scarcity - while operating within the Earth's planetary boundaries.

## Objectives

- Setting Global Agendas and Priorities
- Promoting International Collaboration in Science
- Addressing Global Challenges that require Scientific Solutions
- Mobilizing Funding for Science and Technology
- Empowering Developing Countries in Science and Technology
- Encouraging the use of Science for Policy Making

## Science Summit description

### Hybrid event

Online and in-person sessions (New York)

### Venues in NYC

Embassies, UN Missions, UN HQ, Partner venues

### Format

Seminars, Round Tables, Breakfast discussions,  
Networking lunch, Fireside Chats
